About Me

Experienced web designer & full stack developer from Las Vegas, Nevada with over 6 years design experience and 2 years development experience. I excell and focus in front end user interfaces but also have a growing interest and proficiency in backend technologies. Trained in an assortment of front-end and backend technologies and specializing in javascript, as well as a multitude of design software for both 2D and 3D graphics and even animation. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.
